Optional Benefits That Make LifeTime Benefit Term Even More Valuable*

Accidental Death Benefit

This optional benefit pays in the event of accidental death. It is available at issue ages 20 through 60, and will double the total death benefit paid to your beneficiary (not to exceed \$150,000) if death results from an accident. The Accidental Death Benefit expires on the certificate anniversary following your 65th birthday (see certificate for full explanation).

Dependent Child Benefit

One low premium covers all natural, adopted, step-children or any children for whom you are a legal guardian who are 15 days through 18 years old. Coverage continues until a child reaches age 23, marries or is no longer a dependent, or when you reach age 65 or terminate coverage, whichever comes first. Coverage is guaranteed issue and you may select benefit amounts from \$5,000 to \$25,000.

Waiver of Premium

This optional benefit is only available to employees. The Waiver of Premium Benefit provides that premium will be waived if the insured employee becomes totally disabled for at least a six (6) month period prior to age 60. Total disability is defined as the inability of the insured to substantially perform the essential duties of any occupation for which the insured may qualify by reason of education, training or experience in the usual and customary way due to bodily injury or disease. This benefit provides that any premium due and paid since the start of total disability will be refunded. Issue ages are 20-55.

Accelerated Death Benefit for Long Term Care**

The Accelerated Death Benefit for Long Term Care provides the insured the option of receiving a benefit early if needed for long term care. The insured becomes eligible for benefits by being certified by a physician as being both

chronically ill and confined to a nursing or assisted living facility, or by receiving home health or adult day care services. Benefits would begin after a 90 day elimination period has been satisfied. The monthly accelerated benefit is 4% of the base death benefit for a maximum benefit period of 25 months. Issue ages for this rider are 16 through 70.

Accelerated Death Benefit for Terminal Illness**

This benefit advances 50% of the face amount if the insured is diagnosed by a physician as terminally ill and is automatically part of your coverage. There is no direct extra premium charge for this benefit.
